Re: CIRSE 2019 IR Trainee Support Programme

Dear JSIR Members,

CIRSE 2019 is approaching fast and we would like to draw your attention to the [IR Trainee Support Programme](#) for the CIRSE Annual Meeting, which will take place from September 7-11 in Barcelona, Spain.

CIRSE invites all young IRs, who have completed their undergraduate medical degree not longer than 8 years ago and are currently enrolled in postgraduate training, to attend CIRSE 2019 **free of charge**. In order for a trainee/resident to be eligible for this support programme, he/she has to **submit an abstract as a first or presenting author** for CIRSE 2019 **by February 11** and fill in the [online application form](#).

Attending the biggest European IR meeting will help young IRs to deepen their IR knowledge, meet leading professionals in the field and gain hands-on experience on the newest IR devices.

Please visit the [ETF website](#) for further information on this programme, and to check your eligibility. If you should require any further information, please do not hesitate to contact us at etf@cirse.org.

We look forward to welcoming you at CIRSE 2019!

Kind regards,

The CIRSE European Trainee Forum Subcommittee
